# Ontario Provincial Parks

## Statistics 1977

Page 1

Provincial Parks provide opportunities for outdoor recreation in Ontario. The Ontario Provincial Parks Statistics is published annually to supply current data on Provincial Parks use.

Copies of this publication are distributed to parks agencies in the U.S.A. and Canada, to Ontario government offices and to many public and school libraries throughout the province. Additional information may be obtained from:

Provincial Parks Branch,  
Ministry of Natural Resources,  
Whitney Block,  
Queen's Park, Toronto,  
Ontario, M7A 1W3

St. Clair Parks Commission	83

## HOW PROVINCIAL PARK STATISTICS ARE CALCULATED

The number of vehicles is obtained by automatic traffic counters located at park gates. Periodic surveys are made to determine the average number of axles per vehicle and the average number of occupants per vehicle. These modified figures are used to calculate total visitors at each park.

$$\text{VEHICLES} = \frac{\text{Traffic count}}{\text{Average number of axles/vehicle}}$$

$$\text{VISITORS} = \text{Vehicles} \times \text{average number of people per vehicle.}$$

Camper statistics are obtained from the data shown on campsite permits sold - number of campers and camper nights.

CAMPER NIGHT is defined as one camper staying in a Provincial Park for one night.

CAMPSITE OCCUPIED is defined as one campsite occupied for one night.

$$\text{AVERAGE LENGTH OF STAY} = \frac{\text{Camper Nights}}{\text{Campers}}$$

$$\text{AVERAGE PARTY SIZE} = \frac{\text{Campers}}{\text{Campsite Permits}}$$

JULY-AUGUST % OCCUPANCY is calculated in the following way:

$$\text{JULY-AUGUST \% OCCUPANCY} = \frac{\text{Campsites occupied in July \& August}}{\text{Campsites available in park} \times 62 \text{ days}} \times 100$$

Similarly,

$$\% \text{ OCCUPANCY} = \frac{\text{Campsites occupied during period specified}}{\text{Campsites available in park} \times \text{days in period}} \times 100$$

GENERAL VISITOR STATISTICS  
AND OCCUPANCY RATES  
OPERATING PROVINCIAL PARKS  
APRIL 1, TO OCTOBER 10, 1977

The General Visitor Statistics provide data on various aspects of park use, both by day-visitors and by campers. The period of operation covered by this section is April 1 to October 10, 1977. Parks which were open with full facilities between October 12, 1976 and March 31, 1977 are covered under Park Winter Use.

A section on Occupancy Rates appeared for the first time in the 1976 report. In addition to the usual July-August % occupancy, rates are presented for each park for all weekend periods between the Victoria Day weekend in May and the Labor Day weekend in September, and for weekday periods in July and August. It is hoped that this breakdown of campsite occupancy will provide more accurate information on park use throughout the summer operating season.

STATISTICAL COMPARISON  
OPERATING PROVINCIAL PARKS  
1960 - 1977

Year	Parks	Area in Acres	Vehicles	Visitors	Total Interpretive Contacts	Developed Campsites	Campers	Camper Nights	Length of Stay	Ontario	Camper Origins

#### PARK PROPERTIES LIST

In addition to the operating Provincial Parks covered in Section 1, the Division of Parks administers other land areas. These areas are divided into 3 categories.

- (1) Provincial Park Reserves
- (2) Special Recreation Areas
- (3) Wilderness Areas

A list of these park properties, their locations and acreages follows.

(1) PROVINCIAL PARK RESERVE

Provincial Park Reserve - any patent land acquired or Crown land reserved under The Public Lands Act and/or The Mining Act by the Ministry of Natural Resources for future park purposes.

## PROVINCIAL PARK USER SURVEYS

In 1974, a continuing program was initiated to survey Provincial Park users on a regular basis. The purpose of the program is to provide information vital to the planning and management of Provincial Parks. Under this program, parks are surveyed on a cyclical basis, each year of the cycle involving a different group of parks. The program in 1977 involved a survey of day visitors and campers in selected Natural Environment and Recreational Provincial Parks. The following tables summarize the highlights of these surveys.

## 1977 PROVINCIAL PARK CAMPER SURVEY

VISITOR SERVICES  
ATTENDANCE STATISTICS

Visitor Services encompasses four parts of the parks' operations: Public Communication, Interpretive Programming, Recreation Programming and Outdoor Education. The following statistics indicate the wide range of direct personal services provided to park visitors by Visitor Services staff.

Beyond calculation is the number of visitors who benefitted from the many displays, publications, play areas and other recreational facilities provided in the parks through Visitor Services.

## ONTARIO'S PARKS COMMISSIONS

Visitors statistics for Ontario's three parks commissions are included in this report in order to give a more comprehensive overview of park visitation throughout the province.

Parks commissions are independent commissions of the province reporting to the Ontario Government through the Minister of Natural Resources. Each commission is governed by its own parks commission act and is directed by a board of commissioners.

Statistics included in this report are derived from a combination of counts and estimates for the latest period available. The fiscal year may be different from that of the Provincial Parks system.

The following parks commissions are included:

The Niagara Parks Commission  
James N. Allan, M.P.P., Chairman  
D. R. Wilson, General Manager

The St. Lawrence Parks Commission  
C. T. Rollins, M.P.P., Chairman  
J. r. Sloan, General Manager

The St. Clair Parkway Commission \*

J. L. Kennedy, Chairman  
R. F. Harrison, General Manager

\* The St. Clair Parkway Commission is jointly funded by the Government of Ontario, the County of Lambton, the County of Kent, the City of Sarnia and the City of Chatham.
